

PUBLIC NOTICE

To: **Owners of Registered Mobile Homes (1977 and older).**

In the past, you have registered your mobile home with our office in January of each year. With the registration you received a mobile home decal and you also paid your taxes in the current year.

The **law** regarding registered mobile homes **was changed on July 1, 2015.**

- You will no longer need to register your mobile home with our office.
- You will no longer receive an annual decal.
- You will no longer pay your taxes current each year. Taxes will be paid in the following year.

The good news with all of this change is that you will have already paid your 2015 taxes. Your 2016 taxes will be payable in 2017.

In **March of 2016**, you will receive an assessment notice from our office indicating the assessed value of your mobile home. The following January 2017, you will receive your tax notice from the Treasurer's office and those 2016 taxes will be due (first half) by April 30, 2017 and (second half) before October 31, 2017.

Should you sell your mobile home, all taxes will need to be paid ahead and be current before any title transfers can be completed.

If you have any questions regarding this new law change, please feel free to contact our office and we will gladly answer any questions.

Thank you for your attention to this change regarding your mobile home.

Respectfully Submitted:

Lisa Nelson
